CARREER OBJECTIVE

Motivated Diploma in Computer Science student seeking an entry-level position to apply technical skills, learn from industry professionals, and contribute effectively to organizational goals.

EDUCATION

Diploma in Computer Science, Sree Bahubali Polytechnic Expected 2026

SSLC, Junior High School 2023

SKILLS

Technical Skills	HTML5, CSS3, Javascript, React, Java, Nodejs , MongoDB
Soft Skills	Teamwork, Time Management, Communication, Problem-solving
Other Skills	UI/UX Fundamentals, API Integration, Version Control (Git)

ACADEMIC LEARNING

- Web development fundamentals covering both frontend and backend concepts
- HTML, CSS, and JavaScript for building and interacting with web pages
- Basics of React such as components, props, and simple state handling
- Introduction to backend development and REST APIs for data handling
- Database fundamentals with MongoDB and basic CRUD operations

PRACTICE-BASED LEARNING

- Built basic web pages with HTML, CSS, and JavaScript and connected them to backend logic.
- Practiced creating simple REST APIs and using them to display data on web pages.
- Worked with forms, handling user input on the frontend and storing data in a database.
- Gained understanding of client-server architecture, routing, and CRUD operations.

EXTRA-CURRICULAR ACTIVITIES

- Regularly engage in self-learning through online tech tutorials and coding practice.
- Actively interested in exploring new technologies and improving technical knowledge.
- Participate in sports activities such as cricket, promoting teamwork and discipline.
- Participate in college events and activities, improving communication and teamwork.

DECLARATION

- I sincerely confirm that the information given above is accurate and genuine to the best of my belief.
- I am fully responsible for the correctness of the details mentioned.
- I am ready to provide supporting documents as and when required.
